**NAUTIQUE & ORLANDO WATERSPORTS COMPLEX
MAKE PLANS TO CONTINUE SOLID ALLIANCE**

Orlando, FLA (September 3, 2008) – Nautique is pleased to announce that it has recently renewed its long-term strategic alliance with the Orlando Watersports Complex (OWC). As part of this agreement, Nautique will continue to supply its premium Air and Ski Nautique boats for riders and skiers of all levels to train behind along with the professional training they will receive from OWC’s world-renowned wakeboard and water ski coaches.

OWC is a unique watersports park designed for wakeboarding, wakeskating and waterskiing. It is the only facility in the United States to contain two cableways – a beginner/intermediate cable park and a slider park for advanced athletes. From beginning riders just wanting to try the sport for recreation, to the professional wakeboarders and skiers from all over the world, OWC caters to all.

“OWC is excited about the opportunity to continue its valuable relationship with Nautique. We have exclusively provided Nautique boats for our customers to train behind for many years and are continually satisfied with the quality and performance that only Nautique can deliver,” commented OWC’s President Rene Hofmann. “Additionally, we are also thrilled to announce that Tara Benzel and Coby Micacich will be joining forces with us to provide watersports camps for students,” added Hofmann.

“OWC is largely recognized as a premier cable park in the entire watersports industry,” stated Correct Craft’s President/CEO Bill Yeargin. “The Nautique team is thrilled to continue our alliance with OWC in providing the very best in watersports training,” added Yeargin.

Celebrating 83 years of excellence in the marine industry, Correct Craft, Inc. is the producer of the Nautique line of boats. Correct Craft is known for delivering superior quality product, cutting-edge technology and exceptional service experiences. To see the complete line of Nautique boats, visit nautiques.com.
