SURFING • RIDING • SKIING

— Two Thousand Twenty-One —

CONNECTING ON THE WATER

This year, we have witnessed the love of boating reach farther than it ever has before. Amidst extraordinary times, families are connecting with each other and igniting or rekindling their passion for life on the water. That passion is what keeps us at Nautique ready to deliver world-class boats that act as a conduit for those looking to create lifelong memories. We feel honored to play a small part in creating each of these moments that you and your families enjoy, and if we've learned anything this year, it's that there is no substitute for quality time spent with friends and loved ones.

As our dedication to delivering special memories stays true, we strive to innovate and forge the path forward with ground-breaking products. Through those relentless pursuits of perfection, we are proud to introduce the all-new G-Series this model year. Redesigning the next generation of boats that have the legendary lineage of our G-Series is something that the team takes extreme pride in creating. Making the best even better is a challenge that we've grown accustomed to at Nautique, and our designers, engineers and craftsmen were up to the task in re-imagining these revolutionary new models.

This year also marks the 60th anniversary of the Ski Nautique. As the boat that started it all for the Nautique brand, its rich history is synonymous with waterskiing and so many great moments that have defined the sport. An icon for anyone with a passion for watersports, the Ski Nautique is not just responsible for the origin of the Nautique brand, but the advancement of watersports as a whole.

As you search for a Nautique that best suits your needs, keep in mind that we've carefully considered all types of ownership experiences and have created products to embrace and enhance your passion. I'm proud to say that there truly is something to offer everyone in the Nautique line. Whatever activity you like to focus on, interior comfort you desire, or aesthetics you prefer, we have a Nautique for you and your family.

Greg Meloon - President
Nautique Boat Company

*"We know that all things work together
for the good of those who love God..."*

- Romans 8:28

OWNERSHIP THAT COMES WITH PEACE OF MIND

5-YEAR, 1K-HOUR WARRANTY

There's a higher level of comfort when you purchase a new Nautique thanks to our 5-Year Transferable Warranty*. Over the course of our 95-year history we have built a reputation on creating trust and loyalty with our owners by always having their back. We want you to have the best ownership experience possible, that's why we go through great lengths to make certain you are enjoying your Nautique precisely the way it was designed.

*Nautique warrants to the original owner or user, that each new 2021 Nautique boat, as originally manufactured by Nautique, shall under normal authorized use be free of defect in material and workmanship for a period of five (5) years or 1,000 hours from the date of delivery (whichever comes first). This warranty applies to factory-installed components including boat parts, options or other components not manufactured by Nautique Boat Company and is transferable one-time only to the second owner.

SURF YOUR PERSONAL ENDLESS WAVE

NAUTIQUE SURF SYSTEM™

With the Nautique Surf System, all inland waterways turn into a surfer's paradise. Finding your love of surfing isn't just along the coast anymore, and the feeling of throwing the rope back to the boat and standing in the pocket for the first time is one that will stay with you forever. The freedom of carving endless waves with your friends has a lasting impression on everyone who gets behind the boat. Thanks to the technology that can be found aboard all Super Air Nautiques, the Nautique Surf System shapes long, perfectly-formed waves to enjoy all summer long.

BUILT WITH UNMATCHED ATTENTION TO DETAIL

HANDCRAFTED QUALITY

Our team takes pride in the products they produce, which is why each Nautique is built with the utmost care and consideration. Step into our state-of-the-art facility in Orlando Florida, and you'll see that each piece and part of our world-class boats are built or installed by hand. From our lamination and gel-coat technicians, to our builders and master sewers, each Nautique gets the attention to detail that only skilled professionals can provide. That thoughtful approach to manufacturing is what delivers the highest level of quality for every Nautique that leaves our factory floor.

A HIGHER PEDIGREE

The celebrated heritage that a Super Air Nautique delivers is like no other watersports boat on the market. With each model providing the very best in class in terms of performance and style, all of our 2021 Super Air Nautiques carry the torch for what it means to achieve a higher-level of progression. A boat worthy of the Super Air Nautique badge is one that you can expect to take your surfing, riding or skiing to the next-level. Experience the best waves, wakes and the quality and luxury that you only get in a Super Air Nautique.

LEVELED-UP LUXURY

G25 PARAGON

SUPER AIR NAUTIQUE

The pinnacle of wake boat performance and luxury comes in the form of the G25 Paragon. Providing the ultimate stage, the G25 Paragon delivers world-class surf waves and wakeboard wakes like nothing else in the towboat market. At 25-feet, the G25 Paragon provides the next-level in luxury, along with all the space you need for a day on the lake with family and friends. The state-of-the-art helm design, the Telescoping Flight Control Tower and superior quality you expect from a Nautique, make the G25 Paragon the ultimate wake machine.

FORGED FROM GREATNESS

G23 PARAGON

SUPER AIR NAUTIQUE

With the very best in styling and innovation, the G23 Paragon is a marvel of design and engineering that produces the best wakesurf waves and wakeboard wakes ever created. Completely revolutionizing the towboat world, the G23 Paragon is an award-winning model that takes both luxury and performance beyond what's imaginable. Bringing together an unparalleled level of craftsmanship, quality and innovation, this model leaves nothing to be desired. Refined touches throughout the interior, a helm area like nothing else in the world, the G23 Paragon commands attention wherever it goes.

THE LEGACY CONTINUES

G25 SUPER AIR NAUTIQUE

Eager to accommodate even the largest crews, the completely-redesigned Super Air Nautique G25 is ready to continue the legacy the G-Series created almost a decade ago. With the ability to produce some of the world's best wakes and surf waves, the G25 also boasts a ton of interior space for family, friends and gear. State-of-the-art technology is everywhere you turn, along with the world-class quality you find in all Nautique models. The striking new hull design makes the G25 stand out wherever you take it, and the luxury finishes on the interior make it comfortable for everyone you bring onboard.

SUPER AIR NAUTIQUE G25

ENDLESS POSSIBILITIES

G23 SUPER AIR NAUTIQUE

Building upon the dynasty Nautique created almost a decade ago when the G23 was first introduced, the all-new G23 is set to reinforce its reign as the best wakesurf and wakeboard boat ever created. Our engineers have taken developmental leaps with the wake and wave-shaping capabilities in order to produce this marvel of design and performance. With breathtaking looks and refined amenities, this next-generation G23 looks stunning on the water while delivering the best wakesurf wave and wakeboard wakes the world has ever seen. The reinvented G23 is ready to alter the course of wake boats once again.

RELENTLESS INNOVATION

GS24 SUPER AIR NAUTIQUE

The largest multi-sport boat in the Nautique line, the GS24, finds the ultimate balance between wakesurf, wakeboard and waterski performance. With enough room for the entire family and friends, this multi-sport Nautique took on new hull technology for the 2021 model year. Advancements in hull design, originating with the award-winning G23 Paragon, have been replicated to the hull design of the GS24 so it creates an even better surf wave than ever before. With our Ski Assist feature, you can put the boat in the perfect running attitude for waterskiing or fill up the 2,500 pounds of internal ballast and go for a wakeboard or wakesurf set.

A MULTI-SPORT MARVEL

GS22 SUPER AIR NAUTIQUE

Connecting families who have the desire to do it all, the GS22 is a multi-sport boat designed to perform at any level. The hull was updated for 2021 with characteristics from the G23 Paragon that greatly enhanced the wakesurf wave. Now more than ever, waterskiers, wakesurfers and wakeboarders will have an incredible platform to utilize due to the blended hull features from the award-winning G23 Paragon and record-setting Ski Nautique. Pair that performance with the high-end quality and world-class craftsmanship you get from a Nautique, and the GS22 is the complete solution for the crew who loves to do a little bit of everything when they hit the water.

QUIETLY TAKING CHARGE

GS22E SUPER AIR NAUTIQUE

The Super Air Nautique GS22E is a revolutionary, electric towboat unlike anything else on the market today. For the ultimate on-water experience, Nautique has partnered with our sister company, Ingenuity Electric, to bring the latest in electric-propulsion technology to our multi-sport GS22E. The award-winning Ingenuity Electric system operates using clean energy that delivers optimal performance for watersports activities in an eco-friendly package. Built onto the already widely popular Super Air Nautique GS22 platform, this new GS22E is a boat ready to connect families who like to do a little of everything on the water while emitting zero-emissions.

SKI NAUTIQUE SERIES

Ski Nautique | Nautique 200

A HISTORY OF PERFECTION

In the 60th year of the Ski Nautique, we celebrate the history-rich legacy from which our brand was created. From innovative build processes, hull designs and elevated performance standards, the Ski Nautique has built an empire in the waterski world thanks to our dedication to perfection. For 2021, we've created the highest-level performing waterski boats to-date.

The world-record setting and award-winning Ski Nautique is the pinnacle of ski boat performance, and the world-class Nautique 200 delivers a remarkable experience on the water.

YOUR PERSONAL BEST AWAITS

SKI NAUTIQUE 60-YEARS OF INNOVATION

The lightest waterski boat on the market, the Ski Nautique commands the attention of every waterskier on the planet. With the softest wakes imaginable, every skier can take advantage of its world-class performance in order to ski to their full potential and set personal bests. A blended carbon-fiber and fiberglass construction process creates the perfect balance of strength and weight, and the award-winning MicroTuner® technology provides this world-record setting waterski boat with unmatched performance.

THE ULTIMATE SOUND EXPERIENCE **JL AUDIO**®

IMMERSE YOURSELF IN THE BEST

The best on-water sound experience imaginable awaits you. All Nautique models include the JL Audio MM100s head unit that delivers crisp and clear sound to the JL Audio speakers on board, all of which are powered by JL Audio amplifiers. Each element of our comprehensive JL Audio stereo system has been designed to perform seamlessly with one another to produce the best experience possible. With a great standard package for each boat, there are also upgrade options depending on the boat model that can include JL Audio subwoofers, tower speakers, additional zone control and our exclusive JL WaveFront™ and Wake-Sub™ technology.

RELIABLE PERFORMANCE AT EVERY TURN

THE POWER TO CHOOSE

At Nautique, we've developed each one of our models with engine options that perfectly align with the hull's performance characteristics and that best suit your needs. Utilizing the highest-level of engine performance from our award-winning partners at Pleasurecraft® Marine Engine Company (PCM), Yanmar Marine and Ingenity Electric, you'll be taking advantage of the most reliable engines on the market no matter which propulsion type you choose.

PCM marine engines / GAS PROPULSION

PCM ZZ8 – Built on the most powerful General Motors base engine ever offered for production, PCM harnesses this raw power with all the features that PCM is famous for. The ZZ8 offers the latest in direct-injection and supercharged technology providing efficiency and power not found from others. Incorporating 100% closed cooling and the next-generation, patented CXS catalyst system, the ZZ8 is the most advanced gasoline engine in the marine industry.

HP: 600 / Displacement: 376 c.i.d. (6.2L) / Torque: 608 Ft-Lb

PCM ZZ6 – Incorporating the latest in General Motors direct-injection technology, along with the latest in PCM design, the ZZ6 has the performance and fuel efficiency that watersports enthusiasts desire.

HP: 450 / Displacement: 376 c.i.d. (6.2L) / Torque: 465 Ft-Lb

PCM ZZ5 – Incorporating the latest in General Motors direct-injection technology, along with the latest in PCM design, the ZZ5 has the power and fuel efficiency for a great day on the water.

HP: 355 / Displacement: 325 c.i.d. (5.3L) / Torque: 405 Ft-Lb

PCM ZR7 – The ZR7 is 7.4 liters of pure, naturally-aspirated performance. Built from the same family as the ZR4, the ZR7 brings the reliability and durability to a whole new level of performance.

HP: 475 / Displacement: 452 c.i.d. (7.4L) / Torque: 500 Ft-Lb

PCM ZR4 – The PCM ZR4 is a proven engine with over a decade of outstanding performance, reliability, and durability. Upgraded with the Gen 2 CXS exhaust system as well as 100% closed cooling, the ZR4 is stronger than ever.

HP: 400 / Displacement: 364 c.i.d. (6.0L) / Torque: 400 Ft-Lb

YANMAR / DIESEL PROPULSION

8LV – We're proud to offer a Yanmar diesel option for the G23 and G25 models. With high-torque output and an incredible power-to-weight ratio, this efficient turbo-charged diesel engine provides a more fuel-efficient option for those looking to keep RPM's low when fully loaded.

HP: 370 / Displacement: 272 c.i.d. (4.5L) / Torque: 595 Ft-Lb

INGENITY / ELECTRIC PROPULSION

Available exclusively on the GS22E, Ingenity's drive system is powered by a 100% electric motor that is powerful, compact, and reliable. With instant torque delivery straight to the prop, Ingenity's electric system has optimized the drive dynamics for 2-3 hours of watersports use without compromising the performance of the boat.

Peak Power: 220 kW / 296 HP / Continuous Power: 145 kW / 195 HP / Torque: 325 Ft-Lb

NAUTIQUE COASTAL EDITION

If you spend your time on the water by the coast, then the Nautique Coastal Edition is made for you. A special package available on any Super Air Nautique model, the Coastal Edition includes corrosion-resistant features throughout the boat that protect vital parts from the abuse of saltwater use. Whether or not you utilize your Nautique in a tropical paradise, an intra-coastal or marsh waterway, the Coastal Edition keeps your Nautique as happy as you are riding in it.
