**INNOVATIVE NEW NAUTIQUE 216V RECEIVES
2009 EXCELLENCE IN DESIGN AWARD**

Orlando, FLA (December 12, 2008) – Nautique’s innovative new crossover boat, the 216V, is the proud recipient of *Trailer Boats’* 2009 Excellence in Design Award. This award recognizes Nautique as a trendsetter in the towboat category.

Excerpts from Trailer Boats’ editorial feature on the Crossover Nautique 216V include:

“The 216 offers a clever new windshield that features a shallow rake and vents that allow air to circulate to the engine and bilge.”

“...Nautique’s Flight Control Tower 3 folds for storage via big, easy-to-use locking mechanisms, but what’s noteworthy here are tower speakers that rotate fore, aft or down...”

“...suffice to say that this boat offers a tremendous amount of innovation.”

“All of us on the Nautique team are excited to be the recipient of this prestigious award which, along with the many others we have won, sets our brand apart as an innovator. This award is further evidence that Nautique customers benefit from the best product development team in the industry” stated Correct Craft’s President/CEO Bill Yeargin.

Celebrating 84 years of excellence in the marine industry, Correct Craft, Inc. is the producer of the Nautique line of boats. The Manufacturer of Nautique is known for delivering superior quality product, cutting-edge technology and exceptional service experiences.
